WorkWell conducts a job-training program that helps formerly incarcerated people gain long-term employment and life stability. WorkWell screens applicants before accepting them. Our training includes workplace and life skills as well behavioral health. WorkWell matches businesses and trainees based on their skills with the goal of -sustainable employment. In addition, we help them reunite with families and community networks.

WorkWell Benefits for the Employer Partner

- A steady source of screened and trained employees
- Training customized to your workplace requirements
- Shorter on-boarding time
- Supportive social services for employees
- A partnership that addresses diversity and equity in your workplace
